

QR-Rechnungen

Conduct

You will remain logged in as long as you do one of the following actions in the browser:

- Click on a tab, navigation point, entry or empty area.
- Navigate forward or backward using browser functions.
- Activity in another browser tab (only in the same browser).

The automatic logout for security reasons takes place after the set time:

- Browser is inactive and the tab is in background or minimized.
- Browser is open but you are not doing any actions or clicks.
- Browser was closed without logging out.

Benefits

For security reasons, the user is automatically logged off after **one hour**. If required, this time can be individually adjusted for your installation via WMC.

Limitations

- Adjustments can only be made by WMC.
- The limit cannot be set per user.
- Minimum time: 5 minutes
- Maximum time: 48 hours
